About me

Hi! I am a passionate Videographer and pay attention to details. Experience working with production houses, creative agencies and media support gives me the ability to offer exceptional results to companies. Apart from that, I am a person who is able to manage myself well, is thorough and reliable so that I will encourage the company to achieve our goals as a team.

I am a 36 year old audio visual enthusiast. Born in Jakarta on March 12 1987 and is a father with one wife and has 3 children. I am also a fan of documentaries and

Having met many people with backgrounds in the cinematography industry as well as famous directors, I majored in communications at Advanced Indonesia University. After that, he made a feature production with Metro TV for the Advertorial program. I found my interest in everything related to Photography and Videography. So I took the big step of entering a production house as a video production mastermind.
